§ 411.165 Basis for conditional Medicare payments.

(a) General rule. Except as specified in paragraph (b) of this section, the Medicare intermediary or carrier may make a conditional payment if—

(1) The beneficiary, the provider, or the supplier that has accepted assignment files a proper claim under the group health plan and the plan denies the claim in whole or in part; or

(2) The beneficiary, because of physical or mental incapacity, fails to file a proper claim.

(b) Exception. Medicare does not make conditional primary payments under either of the following circumstances:

(1) The claim is denied for one of the following reasons:

(i) It is alleged that the group health plan is secondary to Medicare.

(ii) The group health plan limits its payments when the individual is entitled to Medicare.

(iii) Failure to file a proper claim if that failure is for any reason other than the physical or mental incapacity of the beneficiary.

(2) The group health plan fails to furnish information requested by CMS and necessary to determine whether the employer plan is primary to Medicare.

(b) [Reserved]

(c) Determination of “aged.” (1) An individual attains a particular age on the day preceding the anniversary of his or her birth.

(ii) For services furnished between July 18, 1984 and April 30, 1986, it ends on the last day of the month before the month the individual attains age 70.
